Itinerary

We are about to travel back in time to ancient Egypt, where the beautiful Giza Pyramids and Sphinx will be a small window into the remarkable history of the area. Khufu's Pyramid is generally known as the Great Pyramid of Giza. It is the largest and most magnificent of the plateau's three pyramids, having been built approximately 4500 years ago. An ancient masterpiece can be located within Menkaure's Pyramid.

There's a statue that has the head of a pharaoh and the body of a lion when we get closer to the Sphinx. The statue's majesty and form will astound everyone. It is believed to have been constructed during Pharaoh Khafre's reign, even if the whereabouts of his other parts—particularly the nose—are unknown.

Subsequently, you will notice the smaller pyramids, as well as some tombs located in this region, which will educate you more about the ancient Egyptian burial customs. The Valley Temple also provides visitors with an insight into the practices and beliefs of that ancient culture.

This specific tour includes more than simply a journey into the depths of time. It is a tribute to the brilliance and progress that characterized the civilization known as ancient Egypt. And thus, those works of art have witnessed the rise and fall of many nations over the course of time, and continue to amaze people even now. The wonderful places in Egypt are certainly unforgettable, whether you love histories and architectures or simply the past.
